

Biting can be good and biting can be bad; it all depends on what you bite on. Oh, the delight when biting into an apple or a peach! But it is not so lovely if you bite on an ice cube or a nut while it still in its shell. Things may not turn out so well. And never, never bite another child; biting must be reserved for something that will bring a smile – delicious, nutritious food. All in rhyme with loads of charming illustrations.
