

Vampire Origins weaves historical fact with fiction to trace the origins of five very different vampire tribes - Strigoi, Cambion, Bretonnian, Strix and Nosferatu. Project Ichorous: He killed 30,000 in one night during the Crusades, and impaled 100,000 more in Romania in the 1400s. Now Vladamir Strigoi has discovered a way to enslave mankind and rule the world. Only one thing can stop him - a human descendant. Vlad has no idea his newest houseguest has Strigoi blood pumping through her veins. Now his greatest threat is just one floor above him. Under no circumstances can she remain human.
